

TOFF!

ABOUT ME:

I am the campus cat. I like Parish house, naps, and shiny things. Belly rubs are good too. I have extensive prowling experience of my home—Carleton College. Though not actually a student, I have had a long loving relationship with the student body. I have served as a member of CASHAA, volunteered at the Humane Society, member of campus security, and just plain soft. Lastly, the campus has been marked out as my territory more than any other CSA candidate.
